

## **Community Resource Directory**

### **August 2011**

The Arc of San Antonio was founded in 1954 by a group of parents who needed support and services for their children with special needs. Today, the mission of the Arc is to enhance the quality of life for children and adults with intellectual or other developmental disabilities. The Arc is a private nonprofit agency that provides a wide array of social services, information, referral, client support and advocacy for people with developmental disabilities and their families.
