## ABOUT THE ARC OF SAN ANTONIO

### OUR MISSION

The Arc was established in 1954 by a group of parents looking to create a network of support and services for their children with special needs. Today, our mission is to enhance the lives of children and adults with intellectual and developmental disabilities; we do this by offering the broadest continuum of care for special needs individuals in San Antonio. The Arc has a variety of direct care and comprehensive case management programs which enables us to be a social service home for all individuals with special needs regardless of age, ability, or income level.

Each year, The Arc hosts 11 workshops & 1 extensive resource fair for the community.

Each month, Arc participants take over 80 outings where they learn, grow, and play in the community.
